

FlipCon | NZ

2018 with Jon Bergmann

Simplifying Active Learning Worldwide

Friday 7 and Saturday 8 September 2018 | Ormiston Senior College, Auckland

“Active learning is the grand meta-principle”, Dr Patricia Cross

The Flipped Classroom movement is sweeping the world as growing numbers of educators are switching to active learning.

Active learning has emerged as the foundation of all good instruction and Flipped Learning is the simplest path to active learning.

In 2018 we will “Flip FlipCon”

Prior to attending FlipCon delegates will have access to a 10 hour online training and certification course – Flipped Learning Certification Level 1. This will provide you with fantastic learning, ideas and practical advice before attending the face-to-face conference.

On day One of the conference delegates will delve deeply into practical, hands-on workshops we are calling Cohorts (The Individual Space).

In each Cohort you will work with a Flipped Learning certified trainer across a number of session times (4 hours in total) to create hands-on, practical resources to take back to school with you and use immediately.

On day Two you will select from sessions that will focus on the Group Space (The Extra Time in Class).

Some topics will include (subject to change):

- Masterclass with Jon Bergmann
- Active learning
- New Flippers
- Science/Maths/Geography/English
- Art/Dance/Food Tech/PE/HPE
- Immersion
- Primary
- Higher Education/Corporate
- PBL
- Group Space work
- Individual Space work
- Higher Ed
- Assessment and Feedback
- Gamification
- Inquiry learning
- Research
- In-Flipping
- Mastery

If you would like to attend FlipCon Australia 2018 “across the ditch” on 14 & 15 September 2018
